## EXPLORE ANCIENT & UNTOUCHED RAINFOREST

The wet tropical rainforests of Far North Queensland are among the oldest on earth and home to an incredible array of plants and animals.

Twelve hundred species of flowering plants, eight hundred different rainforest trees, spectacular orchids, strangler figs, exotic palms and hundreds of unique creatures inhabit this lush green world.

Now imagine all that natural wonder so close that you can almost touch it, your senses alive with the heady organic fragrance and untamed sounds of the dense rainforest.

That's what it's like aboard Kuranda Scenic Railway as you unwind your way through a tropical paradise framed by rugged mountains with waterfalls tumbling forever into deep ravines.

Being one with the rainforest as you undertake an unforgettable journey is what makes Kuranda Scenic Railway such a must-do experience.

## HANDY TRAVEL TIPS

Wear comfortable clothes and walking shoes. A hat, sunglasses, water, sunscreen, carry bag and camera are also recommended.

## HISTORY IN THE MAKING

The railway began construction in 1886, with up to 1500 men at a time armed only with picks, shovels and dynamite. Almost three million cubic metres of earth were removed from the unforgiving landscape to build the 37 kilometres of track.

Officially opened in 1891 to serve the bustling gold fields, the railway includes 15 hand-made tunnels, 55 bridges and 98 curves.

## DISCOVER KURANDA TOWNSHIP

Picturesque Kuranda is a lively community where heritage buildings are home to cafés and restaurants, galleries, shops, handcrafted pieces and authentic Aboriginal artefacts. Stroll along the esplanade or venture a little beyond the main streets to see native animals, birds and butterflies in magnificent habitats.
